5500D - POSITIVE DISCIPLINE PLAN (MIDDLE SCHOOL)

PREAMBLE:

Vicksburg Community Schools is dedicated to creating and maintaining a positive learning environment for all students. Teachers, administrators, parent/guardian(s), and students must assume a responsible role in promoting behavior that enhances academic and social success. Courteous, respectful, and responsible behavior fosters a positive climate for the learning community.

The Student Code of Conduct sets forth student rights and responsibilities while at school and school related activities, and the consequences for violating school rules. When determining the appropriate action to be taken as a consequence of student misconduct, school officials may use intervention strategies and/or disciplinary actions, depending upon the severity or repetition of misconduct; age and grade level of the student; circumstances surrounding the misconduct; impact of the student's misconduct on others in the school community, and any other relevant factors. The Student Code of Conduct will be administered uniformly and fairly, without partiality or discrimination.

WHEN AND WHERE THE STUDENT CODE OF CONDUCT APPLIES:

The Student Code of Conduct applies before, during, and after school:

- when a student is at school;
- "at school" means in a classroom, elsewhere on school premises, on a school bus or other school related vehicle, or at a school-sponsored activity or event, whether or not it is held on school premises;
- when a student's conduct at any other time or place has a direct and immediate effect on maintaining order and discipline, or on protecting the safety and welfare of students or School District staff; and
- when a student is using school telecommunications networks, accounts, or other District services.

STUDENT RIGHTS AND RESPONSIBILITIES:

Individual rights relate to individual responsibilities and must be seen in relationship to the safety, health, and welfare of all students in each school.

Expectations of student conduct should be kept within the bounds of reasonable behavior expected of all members of the community. Students should have freedom and encouragement to express their individuality in school, as long as their conduct does not intrude upon the freedom of others. This applies especially to the freedom of fellow students to receive instruction. There must be a balance between individual freedom and the orderly operation of a classroom. This balance will be determined by school administration.

All students should recognize the consequences of their language, manners, and actions toward each other and school staff. Students need to understand that they benefit from an orderly school operation and, as members of the school community, acknowledge their responsibility to promote a good learning environment.

If a student feels unsafe or is threatened, the student and the student's parent/guardian should contact school administration.

VIOLATIONS OF THE STUDENT CODE OF CONDUCT:

The definitions of misconduct are not all-inclusive, but only representative and illustrative. A student who commits an act of misconduct not listed herein is nonetheless subject to disciplinary action.

School District staff may use intervention strategies such as teacher/student conferences, auxiliary staff/student intervention, and teacher/parent/guardian contacts. Specific types of disciplinary consequences are defined

under TYPES OF DISCIPLINARY ACTION AND PROCEDURES. At the option of school administrators, a student accused of any violation of the Student Code of Conduct may be referred to a school social worker or counselor for interventions, which may include restorative justice, in conjunction with or in lieu of other disciplinary procedures. Where the misconduct is subject to mandatory discipline under State law, however, the School Board will act to impose any mandatory sanctions. Before suspending or expelling a student, school must consider the student's age, disciplinary history, disability, seriousness of behavior, whether behavior posed a safety risk, restorative practices, and whether lesser interventions would address the behavior.

Short-Term Suspensions:

A short-term suspension occurs when a student is suspended for one (1) day, up to and including ten (10) school days. During a short-term suspension, the student's rights and privileges of attending school, including extra-curricular activities, are suspended. In addition, students may not be on VCS property unless authorized by an administrator.

Long-Term Suspensions:

A long-term suspension is when a student is suspended for more than ten (10) school days. During a long-term suspension, the student's rights and privileges of attending school, including extra-curricular activities is suspended. In addition, students may not be on VCS property unless authorized by an administrator.

Expulsion:

An expulsion occurs when the School District's Board of Education terminates the student's rights and privileges to attend school for a period of sixty (60) or more school days, including extra-curricular activities. An expulsion is for an indefinite time, unless otherwise specified by the School Board or State law. The parent/guardian of the student may petition the School Board to request the student's reinstatement to school, as permitted by State law.

MIDDLE SCHOOL POSITIVE DISCIPLINE PLAN:

Goals:

- A. To work to be the best s/he can be.
- B. To take responsibility for their own behavior.
- C. To treat self and others with dignity and respect.
- D. To work to create a positive, safe, caring, and orderly school climate.
- E. To focus on the prevention of discipline problems.
- F. To work to develop a strong and supportive relationship between parent/guardian(s), students, school, and community.

General Rules:

Everyone will have self-discipline and take responsibility for their own behavior. They will treat others with dignity and respect and work together:

- A. to be on time and prepared for class/activities;
- B. to assist and spend extra time in student/staff/school activities;
- C. to keep our hands, feet, and mouth to ourselves;
- D. to act safely and sensibly;
- E. to stop and ask ourselves, before saying or doing something to another person, "Would I like this done to me?" If the answer is "Yes", we proceed. If the answer is "No", we stop immediately and find another way of handling the situation.

These general rules outline the behavior expected of everyone at Vicksburg Middle School. Each teacher has developed classroom rules which establish the expectations for the individual classrooms.

The Teachers, Support Personnel, and Administrators:

An effective school, where "everyone is successful" is created by the attitudes and behaviors of the staff (teachers, support personnel, and principal). We become like the people with whom we associate. If we expect our students to be positive, supportive, accepting, and respectful of others, it is essential that we model this behavior for them. At VMS, we have "successful staff members" who:

- A. take pride in themselves as educators, knowing they have one of the most important jobs in the world;
- B. believe that all children can be successful and will look for and take whatever steps are necessary to insure that students are recognized for their success;
- C. treat others with dignity and respect;

- D. commit their efforts to make VMS the most effective school in the country;
- E. set professional goals and work persistently to accomplish them;
- F. make decisions based on what is best for the student;
- G. assist and spend extra time in student/staff/school activities;
- H. continually improve their instructional knowledge and skill;
- I. make suggestions on ways the school can be more effective;
- J. are a positive influence on students, parent/guardian, and colleagues by:
 1. being "solution oriented" when facing a problem rather than grumbling or complaining;
 2. discovering the other person's point of view during a conflict;
 3. communicating concerns or disagreements directly to the proper recipient; *If this communication is written, it is signed by the person who wrote it. If it is communicated face-to-face, it is done in an "agreeable" manner, with dignity and respect for all those involved.*
 4. treating information about school (students, parent/guardian(s), staff) in a confidential and professional manner.

Successful Students:

Schools are places where students gain the knowledge and skills to be responsible, contributing, and independent members of society. Our goal is to develop successful students who:

- A. take pride in themselves and have confidence they can be successful no matter what the situation;
- B. set goals and work persistently to accomplish them;
- C. take responsibility for what they say and do and how they present themselves;
- D. treat self and others with dignity and respect;
- E. attend school regularly;
- F. get to school and class on time;
- G. exercise good study skills and work habits; *Upon completing an assignment quietly find something constructive to do.*
- H. have good manners and are friendly and courteous to everyone in school;
- I. are honest with themselves and others;
- J. respect everyone's property;
- K. put forth their very best efforts in whatever they do.
If a mistake is made, they learn from it by correcting it and moving ahead;
- L. follow the school and classroom rules;
- M. keep their school clean;
- N. make our school and community a better place.

The Parent/Guardians:

School success is created by a team effort. The team consists of the student, teacher, and most importantly, the parent/guardian. The attitude, expectations, and behavior of the parent/guardians about our school plays a crucial role in the child's success in school. Parent/guardians want what is best for their children and by doing the things listed below, parent/guardians increase the potential that their children will get the best education. The parent/guardians at VMS:

- A. communicate to the child that s/he:
 1. has a parent/guardian that loves him/her;
 2. is a special and important person;
 3. will be successful in school;
- B. make sure the child gets:
 1. at least eight (8) hours of sleep each school night;
 2. breakfast before coming to school;
 3. to school on time;
- C. help the child to take responsibility for his/her behavior and learning;
- D. support the child and staff when there are problems or when progress is not being made as rapidly as desired;
- E. support school discipline procedures;
- F. read to or encourage the child to read an interesting or fun book at least fifteen (15) minutes a day;
- G. provide a regular time and place, which is quiet, where the child can do homework or read;
- H. communicate and consult with the teacher on a regular basis about the child's performance;
This is done on the phone, in writing, or in person.

- I. show interest in the child's efforts in school by asking questions each day about what s/he:
 - 1. learned in school;
 - 2. enjoyed doing during the day;
 - 3. was proud of what happened during the day;
- J. notify the school of health or other problems which might interfere with the child's performance.

Procedures which are followed by Teachers, Support Personnel, and Administrators:

Our ultimate goal is for all students to become independent, responsible, and contributing members of society. For this to occur, we must communicate to the students what we expect of them and reinforce that behavior when they demonstrate it. Eventually, they must learn to assess their own performance and reward themselves by developing an internal locus of control. The following are some procedures which will help us reach our goal. The severity of the incident may require that the process begin at an advanced level.

- A. TELL the child the specific behavior you observed and how it helps our school to function more effectively.
- B. WRITE a brief note to the child telling him/her to be proud of himself/herself and state the behavior which you observed.
- C. MAIL a note home on a postcard to the parent/guardian recognizing an effort made by the child.
- D. CALL the parent/guardian at home/work just to tell them the good news about their child and the good behavior s/he is demonstrating at school.

Behavior is changed through the use of reinforcement once there is a close approximation to the desired behavior. Whenever behavior is being changed, there are "peaks and valleys". Behavior will improve, then slip back, then improve. Patience, persistence, and reinforcement all play a critical role in behavior change.

Staff will deal with inappropriate student behavior when it occurs. In the event a student acts in a manner which is inappropriate for the educational setting, this procedure will be followed.

- A. When a student breaks a rule, the adult at the scene will handle the problem.
- B. If the classroom teacher receives several complaints or sees a pattern developing, s/he will implement a plan of action to change the student's behavior. Parent/guardian contact when appropriate.
- C. If the inappropriate behavior continues, the teacher will notify the parent/guardian by phone or in writing. This is where the parent/guardian and the teacher develop a strategy with the child to solve the problem.
- D. If the child still chooses not to control himself/herself, the principal becomes involved by re-examining the behavior and suggesting modification techniques.
- E. If the four (4) steps are unsuccessful, the student will become a "focus of concern" for the building team where an intervention plan of assistance will be generated.
- F. If all else fails, suspension and/or exclusion will result.

CATEGORIES OF MISCONDUCT:

Assuming the responsibility granted to it by law, the Board established the following categories of misconduct (while a student is under the jurisdiction of the school and/or engaged in school connected activities) as those which may result in temporary separation, suspension, or expulsion from the Vicksburg Community Schools. These categories are general in nature and are not to be held all inclusive.

We feel it is in the best interest of the community to work with the students in developing the best possible citizens, which means learning to live within rules as good citizens. It is important to remember that the school's rules apply going to and from school, at school, on school property, at school-sponsored events, and on school transportation.

A. Alcohol and Drugs

A student will not possess, use, offer to buy or sell, pass to another student, or purport to buy or sell, a controlled substance, dangerous drug, prescription drug, counterfeit drug, intoxicating substance, alcohol, or substances purported to be or have the effects of illegal drugs (including over-the-counter drugs). Students shall not possess or use any related paraphernalia on school premises, at school related activities, or within 1000 feet of school premises. A student legally in possession of prescribed medication will not be in violation of this section as long as his/her use and possession of the prescribed medication is authorized at school.

The school has a "Drug Free" zone that extends 1000 feet beyond the school boundaries as well as to any school activity and transportation. This means that any activity, possession, sale, distribution, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs is prohibited. Attempted sale or furnishing is also prohibited. If caught, the student shall be suspended or expelled and law enforcement

officials may be contacted. Sale also includes the furnishing or sale of over-the-counter medication to another student.

The sale, distribution, possession, or use of drugs, alcohol, fake drugs, steroids, inhalants, or look-alike drugs that has a negative effect on the school environment is prohibited. Attempted sale or distribution is also prohibited. This includes nonalcoholic beers and wines, and the like. Many drug abuse offenses are also felonies. Sale also includes the furnishing or sale of over-the-counter medication to another student.

1. *Possession/Use:*

First Violation: Confiscation, up to ten (10) days suspension during which period the student must have counseling by a qualified substance abuse counselor. Police will be involved.

Second Violation: Confiscation, up to ten (10) days suspension, and a possible recommendation for expulsion. Police will be involved.

2. *Sales/Furnishing:*

First Violation: Confiscation, up to ten (10) days suspension, and a possible recommendation for expulsion. Police will be involved.

Use of Breath-Test Instruments: The principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever s/he has individualized reasonable suspicion to believe that a student has consumed an alcoholic beverage. The student will be taken to a private administrative or instructional area on school property with at least one (1) other member of the teaching or administrative staff present as a witness to the test. The purpose of the test is to determine whether or not the student has consumed an alcoholic beverage. The amount of consumption is not relevant, except where the student may need medical attention. If the result indicates a violation of school rules as described in this handbook, the student will be disciplined in accordance with disciplinary procedures described in this handbook. If a student refuses to take the test, s/he will be advised that such refusal will be considered insubordination and also considered in determining alcohol use with the consequent discipline invoked. The student will then be given a second opportunity to take the test.

B. **Arson**

A student will not intentionally, by means of starting a fire, cause harm to any property or person, or participate in the burning of any property or person.

If a student commits arson in a school building, on school grounds or other school property, the School Board or its designee shall expel the student from the School District permanently, subject to possible reinstatement, pursuant to MCL 380.1311.(5). (MCL 380.1311[2]).

“Arson” means a felony violation as set forth in Chapter X of the Michigan Penal Code. (MCL 750.71 to MCL 750.80).

First Violation: Up to ten (10) days suspension, parent/guardian conference, file complaint with police, seek recovery of damages through court of competent jurisdiction, possible recommendation for expulsion.

C. **Bullying/Harassment/Intimidation (Policy 5517.01)**

"Bullying" is defined as any written, verbal, or physical act, including cyber bullying (i.e. any electronic communication, including, but not limited to electronically transmitted acts, such as internet, telephone or cell phone, personal digital assistant (PDA), or wireless hand held device) that, without regard to its subject matter or motivating animus, is intended or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

1. substantially interfering with educational opportunities, benefits, or programs of one (1) or more students;
2. adversely affecting the ability of a student to participate in or benefit from the school district's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;

4. causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Bullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying are:

Bus drivers have a great deal of responsibility. They are charged with the safety of your child and the timely operation of their bus. For the safety of everyone involved, we have rules that must be followed. At the beginning of each school year Vicksburg Transportation sends home a student data sheet with a list of student responsibilities. Parent/guardian are requested to go over the rules with their children and then fill out the student form, sign and send back with their child. Students must follow the directions given by the bus driver and will follow classroom behavior while riding the bus. The student handbook rules apply in both the classroom setting and on the bus.

Students who receive a third disciplinary notice will be required to: with their parent/guardian, meet with the driver, Transportation Director and when needed, the building principal. A fourth write up is an automatic suspension of bus riding privileges, time off the bus to be determined by the severity of the infraction.  2. That the primary intent of society in establishing the public school is to provide an opportunity for learning.
 3. That citizenship rights must not be abridged, obstructed, or in other ways altered except in accordance with due process of law.
 4. That the opportunity for education is one of these citizenship rights.

I. **CONFIDENTIALITY:** Every reasonable effort will be made to maintain confidentiality during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations.

J. **SUSPENSION PROCEDURES:**

1. The student shall be informed of the specific charges which could be the basis for disciplinary action to be taken against him/her.
2. The student will have the right to present, to the school administrator, any relevant information that will support his/her defense.
3. Before suspending a student, school must consider the student's age, disciplinary history, disability, seriousness of behavior, whether behavior posed a safety risk, restorative practices, and whether lesser interventions would address the behavior.
4. If the student is suspended by the school administrator, the administrator will:
 - a. notify the parent/guardian, as soon as possible, of the suspension, the reasons for the suspension, and the steps necessary to effectuate the student's return.
 - b. meet with the parent/guardian and the student to plan satisfactory return of the student to the school setting if deemed necessary by the administrator.
5. If the parent/guardian are dissatisfied with this action, they may appeal to the Superintendent or designate to review the decision.
6. If the suspension is for a period of more than ten (10) days, the same due process for students, as is covered under students being expelled from school, will apply.
7. Section 504/Special Education Accommodations: In the event a student is disabled, accommodations may be made to IHS procedures in accordance with the IEPC or 504 Plan.

K. **EXPULSION PROCEDURES:** This is the removal from school on a permanent basis. This action may be taken by the Board of Education only. The following procedural guidelines will govern the expulsion process:

2. Written notice of charges against a student will be supplied to the student and his/her parent/guardian by registered mail. Included within this notice shall be a statement of the time and place for the hearing, which time therefore shall be reasonable for the parties involved.
3. Parent/guardian and students against whom charges have been filed will be required to attend this hearing.

5. The student and his/her parent/guardian may be represented by legal counsel.
6. The student, his/her parent/guardian, or legal agent, shall be allowed to review all evidence offered against the student. In addition, they shall be allowed to question any witness present at the hearing.
7. The hearing shall be conducted by the Board of Education, which shall make its determination solely upon the evidence presented at the hearing. The hearing is not a court proceeding, and court rules of evidence shall not be enforced at such hearing. An open or closed hearing, at the student's option, may be requested, before a majority of the Board of Education.
8. The Board of Education, by a majority vote, shall state, within ten (10) days after the hearing, its findings as to whether or not the student charged is guilty of the conduct charges and its decision as to expulsion, or extended suspension.
9. The findings of the hearing authority shall be reduced to writing and sent to the student and his/her parent/guardian.
10. The student and his/her parent/guardian shall be made aware of their right to appeal the decision of the Board of Education to the appropriate judicial authority.

- M. **PERSISTENT VIOLATIONS:** Any student who is suspended from school, and whose prior suspensions during the same school year total twenty (20) days or more, may be required to attend a parent/guardian conference with the Superintendent and the building principal. At this meeting, the future status of the student will be determined. Students reaching this twenty (20) day total, may be subject to an extended suspension or expulsion, and can only return to the regular school program under behavioral guidelines.
- N. **RESERVATION OF RIGHTS:** The school reserves the right to set forth, as part of the Code of Conduct, those rules and regulations necessary and proper for carrying into execution the educational program of the school, which are not specifically stated herein, as the need arises. When, in the judgment of the administration, the student's behavior reaches such proportion, or is of a nature that it tends to influence others adversely, and/or interferes with the educational process, or infringes on the rights of others, the behavior is grounds for suspension or recommendation for expulsion.
- O. **NOTIFICATION OF LAW ENFORCEMENT AGENCIES:** State law requires each school board to comply with the state wide school safety policy adopted by the Superintendent of Public Instruction, Attorney General, and Director of Michigan State police on October 4, 1999.  7. It is recommended that teachers consider the individual differences of their students when assigning homework.
 8. The daily use of a properly filled out Agenda Book can be an invaluable tool in helping students organize their time and efforts. Parent/guardian can help by asking to see their child's Agenda Book and then reviewing the work. All teachers will instruct students in how to use the Book in their classrooms, and all students will be required to have and use the Book every day.
 9. Teachers will communicate their homework expectations to parent/guardian at the beginning of the school year, not later than the third week of school. These expectations should clearly state any incentives or penalties related to homework completion. Failure to turn in homework may result in one or more of the following:
 - a. Reminder
 - b. Warning
 - c. After school detention – spent doing home work
 - d. A zero (0) on the assignment, recorded in the grade book which will affect the marking period grade
 - e. Continual failure to turn in assignments will result in a parent/guardian conference with the room teacher and building principal
 - f. Chronic problems will be treated as an act of insubordination.
 10. Homework should always serve a valid learning purpose; it should never be used as a punitive measure.
 11. The following are guidelines for suggested total homework time and constitute a reasonable range rather than a quota.

Grade 6	75 minutes minimum per week 60 minutes maximum per day
Grades 7/8	120 minutes minimum per week 90 minutes maximum per day

If arrangements cannot be made three (3) days prior to the absence, the student is responsible for securing missed work upon his/her return to school.
 - d. If an absence is directly related to any officially recognized School activity, in which the student has an active role, the student will be considered present.

B. Make-up Work:

Excused absences allow the student to make up all missed work. One (1) day shall be granted for make-up work for each day of absence. However, a student may, with teacher approval, have two (2) days to make up missed work for each day he/she has had a confirmed absence, when the absence is of three (3) or more days.
